EMPOWER EXCELLENCE

by supporting young women in sport to compete
at the highest levels across the country.

WHO WE ARE

Hucclecote Netball Club is one of the largest and most successful netball clubs in England, the South West, and Gloucestershire. Founded in 1974 by a group of rugby players' girlfriends, the club began to truly flourish in the early 80s, expanding significantly at both adult league and junior levels as they embraced youth development.

By the mid-80s, Hucclecote had claimed numerous local titles, gained access to the South West Regional League, and secured a spot in the top-tier England National Clubs Premiership Competition, where they now compete at the highest level in Division One.

Their success extends to the national junior level, with the club winning the U19 Championship title under the guidance of a young Jess Thirlby. Jess and fellow U19 coach Anna Stemberidge have both gone on to become England coaches — a proud reflection of the coaching pedigree nurtured at Hucclecote. The club has consistently qualified for the England National Clubs Finals at U14 and U16 levels. They have strong ties with Super League franchises, with many players selected for U15, U17, U19, and U21 squads, and several securing contracts to play for Super League teams. Hucclecote is proud of its heritage and the extensive support provided to its players over the years, many of whom have earned international honors representing England, Wales, Ireland, and Scotland.

Your support can make a significant difference in ensuring our players have the resources they need to compete effectively and safely across the country.

Our aspirations continue to be as high as our achievements. Playing at the highest level in England's elite domestic competition, National Premier League One, and finishing runners-up for the second season in succession, our primary goal is to secure and maintain a top 3 finish for the 2026/27 season.

"I am dedicated to nurturing and developing confidence within Hucclecote's Premiership squad, focusing on both our emerging homegrown talent and the top performance players we've attracted. This approach ensures the club has the strength and depth needed for sustainability at this level. Additionally, we hope to inspire all members of the Hucclecote Club by using the Premiership Squad as role models, encouraging everyone to strive for excellence in their netball journey."
